One of the finest battles ever fough in connection with baseball was to one between the inimitable Dad Clarke the old comedian pitcher, and Anson's father-in-law, Mr. Feigel. The battle was pulled off under the grand stand on the West Side grounds.

Clarke had been at Anson all day roasting him, jeering at him, and apus ing him at every opportunity, and An son's father-in-law, then a man per-baps 65 years old, was wild with indig-ration, although Anson himself paid little attention. Mr. Feigel could stand it no longer. He wanted to get out on to the field and get revenge, but that being impossible, he waited for Claylor under the grand stand. Eczema is a tormenting, stubborn ITCHING INTENSE disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflam-

mation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to coze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, PURELY VEGETABLE, the itching and burning cease, and the acidfired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purify-

ing roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.
